PETITIONING THE COURT

To modify the conditions of supervision as follows:

- 27 You shall reside in a residential reentry center for a period of up to 180 days. This placement may include a prerelease component, day reporting, and home confinement (with or without electronic monitoring, but not to include GPS) at the directions of the CCM and USPO. You shall abide by the rules and requirements of the facility. You shall remain at the facility until discharged by the Court.

CAUSE

Phillip William George is currently serving his 180 days in the Franklin County Residential Reentry Center (RRC), and is scheduled to complete his time on December 14, 2009. At this time Mr. George is not entitled to the benefits of the prerelease component while at the RRC.

Since being at the RRC, Mr. George has commenced sex offender treatment; however he has not found employment. Mr. George has also had a difficult time establishing a release address with family and/or friends, as all of his proposed release addresses have been denied.

This officer respectfully recommends the Court modify condition number 27, and provide the defendant the benefit of the prerelease component. This would allow the defendant to seek his own housing, and upon finding an approved residence, he may be released on electronic home monitoring for the remainder of his RRC time. This would benefit Mr. George as he currently cannot secure his own housing because he cannot be released. It is hopeful, that with the assistance of the Benton Franklin Community Action Council and Mr. George's tribal funds, he can secure a residence now rather than release on December 14, 2009, as homeless.
